LIVE TO INSPIRE

SUSTAINABLE DEVELOPMENT GOALS

SUPPORTIVE ORGANIZATIONS

Live to Inspire's first effort of the solutions of SDG's has been mentioned below. The positive logo's are target of Live to Inspire to utilise and achieve by 2030 with the immense supports of all our partner Organization across the globe working for the development and uplifting Humanity.

UN SGD 2030 LOGOS

GOAL 1: No Poverty

"Cloths Donation Campaign"

Date: 28th September, 2022

State: Gujarat

City:
Ahmedabad Rural

Drive : 1

Target Achieved : Distributed Over 15,000 Clothes in 5 Villages

Purpose of the Drive:

Our Clothes donation drive is exclusively meant for the children and adults in the hospitals, children living near railway tracks, under flyovers, children of daily wagers at construction sites, under- privileged children in Govt. hospitals and to some of our city's most in-need populations.

Season is changing and your clothes from last year may not fit. If you notice clothes piling up in your family's closets — and you're looking for a way to help the less fortunate — donating clothes could be a super-easy start. Throughout the year, we collect all kinds of summer and winter clothes for children and adults at our collection center.

A small gesture of yours will be a boon for poverty stricken, deprived people to stay happy during the cruel summer / winter season. So, show your generosity, and help us to collect as many as clothes to keep the deprived ones comfortable in harsh summers and winters. This year we initiated this movement will **Elsner Group of technologies** and donated over 15000 clothes in 5 villages.

Sustainability Duration: ONE YEAR

Associated partner organizations: Elsner Group of Technologies

GOAL 2: Zero Hunger

"Sign of Humanity Drive for COVID 19"

Date: 21st March 2020 onwards - May 2020

State: Gujarat, Maharashtra, Rajasthan
Madhya Pradesh, Karnataka

City:

Ahmedabad, Surat, Bhilwara, Indore,
Mumbai, Kolhapur District, Hubli,
Belgam

Drive : 2

Sustainability Duration: ONE YEAR

Associated partner organization: TIMEX, Sanjay Ghodawat Foundation, SRK Foundation, Arihant Travel, Panchratna Jewelers & Elsner Group of Technologies.

GOAL 4: Quality Education

"SPORTS KIT DISTRIBUTION"

Date: 2nd March, 2024

State: Gujarat, Maharashtra,
Rajasthan, Delhi, Karnataka

City:

Ahmedabad, Mumbai, Puna, Kolhapur, Udaipur,
Delhi, Bhilwara, Hubli, Belgam

Drive : 4

Target Achieved : Addressed over 500 school

Purpose of the Drive:

Distributing sports kits to rural kids is not just about providing equipment; it's about empowering them with opportunities and instilling values that extend far beyond the playing field. In rural areas where resources are often scarce, access to proper sports gear can be a game-changer. These kits not only enable children to participate in physical activities but also promote a sense of belonging, teamwork, and discipline. Moreover, engaging in sports helps in the holistic development of children, fostering qualities like leadership, resilience, and sportsmanship.

Furthermore, sports kits distribution in rural areas contributes to community development by fostering a culture of health and well-being. When children are actively involved in sports, they are less likely to engage in harmful behaviors and more likely to focus on personal growth and development. By investing in sports equipment for rural communities, we invest in the future generation, providing them with tools to thrive both on and off the field. This initiative not only promotes physical fitness but also cultivates a sense of pride and identity within the community, ultimately leading to a healthier, happier, and more cohesive society.

Sustainability Duration: LIFE TIME

Associated partner organization: Sanjay Ghodawat Foundation, PSP Foundation, Shatayu Foundation, Ostwal Group, Education India and Khushi Ambient Media.

GOAL 4: Quality Education

"Sport Kit Distribution"

Date: 20th - 26th February 2024

State: Gujarat, Maharashtra,
Rajasthan

City:

Ahmedabad, Mumbai, Bhilwara

Drive : 5

Target Achieved : Addressed over 35000 youth in one day

Purpose of the Drive:

From our extensive past experience and observations, we have seen the positive impact of this kind of an activity can change lives. Today's youth is faced with immense pressures to perform and lack of motivation for them can lead to a dysfunctional society. They need a constant reminder of their potentials and also a small reward for their effort can work wonders. It is not just about developing a better career but also about living a good life. Through our events and this platform we want to create a forum for the youth of India who can represent and impact the development of the Country. We want to create a group of young community shapers who in turn realise their responsibilities and abilities to uplift their community. If the youth is motivated enough for a better change, nothing can stop the community from rising. Social evils like illiteracy, poverty, hunger and unemployment can all be eradicated if the youth of a society are motivated enough to do so.

This can result in sustainable development of the state and an integrated society. This will also make the youth more politically aware and the role and efforts of the present government in creating opportunities for them. Ultimately this forum can act as a bridge between the youth of the state and the government, highlighting the initiatives taken by the government on the ground level to improve the lives in the state.

Sustainability Duration: LIFE TIME

Associated partner organization: Sanjay Ghodawat Foundation, PSP Foundation, Shatayu Foundation, Ostwal Group, Education India and Khushi Ambient Media.

GOAL 4: Quality Education

"SPORTS KIT DISTRIBUTION"

Date: 20th - 26th February 2025

State: Gujarat, Maharashtra,
Rajasthan

City:

Ahmedabad, Mumbai, Bilwara

Drive : 6

Target Achieved : GIFTED OVER 500 KIDS TO RURAL SCHOOL

Purpose of the Drive:

The Kit Details and Associated Charges:

GOAL 5: Gender Equality

"Safai Karmachari"

Date: 23rd May, 2024

State: Gujarat, Maharashtra, Rajasthan
Delhi, Karnataka

City:

Ahmedabad, Mumbai, Puna,
Kolhapur, Udaipur, Delhi, Bhilwara,
Hubli, Belgam

Drive : 19

Target Achieved : Distributed Over 500 safai karmaCharis

Purpose of the Drive:

Gifting UV glasses to safai karmaCharis, or sanitation workers, is a gesture that goes beyond mere practicality; it's a recognition of their invaluable contribution to society and a step towards ensuring their health and well-being. Often working long hours under the harsh sun, these individuals are exposed to various hazards, including harmful UV rays. Providing them with UV glasses not only protects their eyes from potential damage but also acknowledges their dignity and worth as essential members of our community.

Moreover, investing in the safety and comfort of sanitation workers reflects our commitment to social justice and equality. These individuals perform a crucial yet often overlooked service, maintaining cleanliness and hygiene in our surroundings. By equipping them with UV glasses, we demonstrate our respect for their labor and show solidarity with their daily challenges. This act of kindness not only enhances their working conditions but also uplifts their morale, fostering a sense of appreciation and inclusion within society. Ultimately, gifting UV glasses to safai karmacharis is not just about protecting their eyes; it's about recognizing their humanity and ensuring that they feel valued and cared for in the communities they serve.

Sustainability Duration: 6 MONTHS

Associated partner organizations: Sanjay Ghodawat Foundation, PSP Foundation, Shatayu Foundation, Ostwal Group, Education India, ALPS foundation, Tide foundation and Khushi Ambient Media

GOAL 6: Clean Water & Sanitation

"Family sanitation"

Date: 26th May, 2024

State: Gujarat, Maharashtra, Rajasthan,
Karnataka

City:

Ahmedabad, Mumbai, Puna,
Kolhapur, Udaipur, Delhi, Bhilwara,
Hubli, Belgam

Drive : 20

Target Achieved : Distributed Over 100 Families

Purpose of the Drive:

Live to Inspire Charitable Trust goes beyond raising awareness about health, hygiene, and sanitation by actively supporting rural families with Family Sanitation Kits. These kits help sustain their health and hygiene needs, ensuring long-term well-being.

Each Family Sanitation Kit includes essential items such as:

1. Soap or hand sanitizer – for maintaining personal hygiene.
2. Toothpaste and toothbrushes – ensuring oral health.
3. Sanitary napkins or menstrual products – supporting women's hygiene needs.
4. Disinfectant wipes or sprays – for germ-free surroundings.
5. Basic first aid supplies – including bandages and antiseptics.
6. Informational guides – to educate on proper hygiene and sanitation.

These kits address rural challenges where access to clean water, soap, and sanitation products is limited, leading to health disparities and disease spread. By providing these resources, we contribute to a healthier, more equitable future for rural families.

Sustainability Duration: **6 MONTHS**

GOAL 6: Clean Water & Sanitation

"Sanitary Pads Distribution Drive"

Date: 30th March, 2026

State: Gujarat, Maharashtra, Rajasthan,
Delhi, Karnataka

City:

Ahmedabad, Mumbai, Puna,
Kolhapur, Udaipur, Delhi, Bhilwara,
Hubli, Belgam

Drive : 21

Target Achieved : Distributed Over 500 schools

Purpose of the Drive:

Distributing sanitary napkins in rural schools for young girls is a crucial intervention that directly impacts their health, education, and overall well-being. In many rural areas, girls face significant challenges due to the lack of access to menstrual hygiene products, often leading to missed school days and health risks. By providing sanitary napkins, we not only ensure that girls can manage their periods safely and comfortably but also empower them to stay in school and continue their education uninterrupted. This initiative is a fundamental step towards breaking the barriers that hinder girls' academic progress and reinforces the message that menstruation is a natural part of life that should not impede their rights to education and dignity.

Furthermore, distributing sanitary napkins in rural schools fosters a supportive environment that promotes gender equality and menstrual health awareness. By openly addressing the needs of young girls and providing them with essential hygiene products, we challenge the stigma surrounding menstruation and encourage discussions about reproductive health. This not only benefits the current generation of girls but also lays the groundwork for a more inclusive and informed society where menstrual health is prioritized, and girls can thrive without shame or limitations.

Sustainability Duration: 4 MONTHS

Associated partner organizations: Sanjay Ghodawat Foundation, PSP Foundation, Shatayu Foundation, Ostwal Group, Education India and Khushi Ambient Media.

GOAL 6: Clean Water & Sanitation

"Manual Scavengers"

Date: 14th April, 2024

State: Gujarat, Maharashtra, Rajasthan,
Delhi, Karnataka

City:

Ahmedabad, Mumbai, Puna,
Kolhapur, Udaipur, Delhi, Bhilwara,
Hubli, Belgam

Drive : 22

Target Achieved : Distributed Over 500 shelters

Purpose of the Drive:

Gifting health, safety, and hygiene support kits to manual scavengers is a crucial step in addressing the risks they face daily. Working in hazardous conditions, they are exposed to serious health threats. By providing gloves, masks, sanitizers, and protective clothing, we not only ensure their well-being but also recognize their dignity and rights.

These kits serve as a practical solution to mitigate health risks, offering protection against pathogens, toxic chemicals, and contaminants. Beyond safety, they symbolize a commitment to ending manual scavenging and promoting safer alternatives.

Additionally, gifting these kits carries symbolic significance, showing solidarity and respect for their often-marginalized role in society. It highlights their contributions and the need to address systemic inequalities. By investing in their health, safety, and dignity, we move towards a more equitable and inclusive society where every individual is valued.

Sustainability Duration: 2 YEARS

GOAL 6: Clean Water & Sanitation

"Safai KarmaChari

Date: 14th April, 2025

State: Gujarat, Maharashtra, Rajasthan,
Delhi, Karnataka

City:

Ahmedabad, Mumbai, Puna,
Kolhapur, Udaipur, Delhi, Bhilwara,
Hubli, Belgam

Drive : 23

Target Achieved : Distributed Over 500 safai karmaCharis

Purpose of the Drive:

Gifting UV glasses to safai karmaCharis, or sanitation workers, is a gesture that goes beyond mere practicality; it's a recognition of their invaluable contribution to society and a step towards ensuring their health and well-being. Often working long hours under the harsh sun, these individuals are exposed to various hazards, including harmful UV rays. Providing them with UV glasses not only protects their eyes from potential damage but also acknowledges their dignity and worth as essential members of our community.

Moreover, investing in the safety and comfort of sanitation workers reflects our commitment to social justice and equality. These individuals perform a crucial yet often overlooked service, maintaining cleanliness and hygiene in our surroundings. By equipping them with UV glasses, we demonstrate our respect for their labor and show solidarity with their daily challenges. This act of kindness not only enhances their working conditions but also uplifts their morale, fostering a sense of appreciation and inclusion within society. Ultimately, gifting UV glasses to safai karmacharis is not just about protecting their eyes; it's about recognizing their humanity and ensuring that they feel valued and cared for in the communities they serve.

Sustainability Duration: 6 MONTHS

GOAL 6: Clean Water & Sanitation

"Sanitary Pads Distribution Drive"

Date: 15th July 2025 to 30th July 2025

State: Gujarat, Maharashtra, Rajasthan, Madhya Pradesh, Karnataka, Uttar Pradesh, Delhi & Jammu

City:

Ahmedabad, Surat, Jamnagar, Bhilwara, Udaipur, Kolhapur, Mumbai, Satara, Hubli, Belgaum, Lucknow, Delhi, Jammu, Kathua & Udhampur

Drive : 24

Target Achieved : Distributed Over 1,00,000 Sanitary Napkins from this Drive

Purpose of the Drive:

The COVID-19 pandemic has severely affected millions, with the most vulnerable being the poor, migrants, and daily wage workers. Among them, women and girls from financially weak backgrounds have faced an acute menstrual hygiene crisis. With government schools closed, many school-going girls have lost access to free sanitary napkins provided through government schemes. Similarly, daily wage laborers and migrant women struggle to afford basic hygiene products due to a sudden loss of income. This forces them to use unhygienic alternatives like rags or paper, leading to severe health issues such as UTIs and infections.

To address this, the Timex Foundation has introduced a 7-layer sanitary napkin with an anion chip, capable of absorbing up to 180ml of liquid, ensuring better hygiene and safety.

Beyond menstrual hygiene, maintaining overall sanitation is crucial in preventing diseases like cholera, typhoid, diarrhea, pneumonia, and skin infections. Our initiative has distributed over 400 sanitation sprays and adopted 200 families for a year to promote hygiene and immunity. Through such efforts, we aim to create a cleaner, healthier environment for those in need.

Sustainability Duration: **4 MONTHS**

GOAL 9: Industry, Innovation and Infrastructure

“One Step towards Effectivity, Sustainability & Innovation in IT Field”

Date: 15th February, 2020

State: Gujarat

City:
Ahmedabad

Drive : 27

Target Achieved: Dialogue with 500 Participants working with Elsner Group of Technology towards Goal 9 of SDG

Purpose of the Drive:

A growing population is increasing the demand for already constrained natural resources. Innovation allows organizations to stay relevant in the competitive market, it also plays an important role in economic growth. The ability to resolve critical problems depends on new innovations and especially developing countries need it more than ever.

Innovation refers to creating more effective processes, products, and ideas. For a business, it could mean implementing new ideas, improving services or creating dynamic products. It can act as a catalyst that can make your business grow and can help you adapt in the marketplace and help an individual to play much more effective role for the development towards SDG.

We have initiated a new movement for all the leading ceramics Industries on building up the concept on Goal 9.

GOAL 10: Reduced Inequalities

"UV Glasses Safai Karmachari Support Drive"

Date: 26th January, 2023

State: Gujarat

City:
Jamnagar

Drive : 28

Target Achieved : 600 UV GLASSES DISTRIBUTED TO SAFAI KARMACHARI

Purpose of the Drive:

UV glasses are crucial for safeguarding the eye health of Safai karma Chari, who often spend long hours outdoors performing cleaning duties. Exposure to harmful ultraviolet (UV) radiation from the sun can pose serious risks to their vision over time. By wearing UV glasses, these workers can effectively shield their eyes from the damaging effects of UV rays, reducing the risk of conditions such as cataracts and photo keratitis.

Moreover, UV glasses provide practical benefits beyond UV protection. They help minimize glare from sunlight, improving visibility and reducing the likelihood of accidents while working outdoors. Additionally, these glasses offer protection against dust, debris, and other airborne particles, ensuring the safety and comfort of safai karmacharis during their tasks.

By prioritizing the provision of UV glasses to safai karmacharis, we demonstrate a commitment to their well-being and recognize the importance of their role in maintaining clean and hygienic environments. These glasses not only enhance their safety but also contribute to their overall productivity and job satisfaction. It's a simple yet impactful way to support the invaluable contributions of these essential workers to our communities.

Sustainability Duration: 6 MONTHS

“Hand sewing machine Drive”

Date: 15th March, 2025

State: Gujarat

City:

Ahmedabad, Jamnagar, Vadodara, Surat,
Godhara

Drive : 36

Target Achieved : 450 Hand sewing machine distributed in Ahmedabad

Purpose of the Drive:

Distributing hand sewing machines as part of a social drive can significantly impact communities, particularly in rural or economically disadvantaged areas. These machines are portable, affordable, and require minimal infrastructure, making them ideal for individuals with limited access to income-generating resources.

Such initiatives empower people, especially women and marginalized groups, to earn a sustainable income through home-based or small-scale sewing businesses. This not only boosts the financial stability of families but also contributes to poverty reduction and community development. Alongside distribution, training programs can teach recipients essential sewing techniques and business skills, fostering self-reliance and entrepreneurship.

Beyond economic benefits, these drives encourage social bonds within communities as individuals collaborate and support each other's ventures. They also help preserve traditional crafts and textile arts, contributing to cultural heritage.

Overall, distributing hand sewing machines through social initiatives promotes sustainable development, economic empowerment, and community resilience, creating long-term positive impacts on vulnerable populations.

"Tribal marts initiate to INDIA"

Date: 14th May, 2021

State: Gujarat

City:

Godhara, Jamnagar

Drive : 37

Target Achieved : 50 Tribal marts

Purpose of the Drive:

Establishing tribal markets as an initiative to support individuals in need, particularly those from indigenous or tribal communities, can be a transformative approach to economic empowerment and social inclusion. These markets can serve as platforms for indigenous artisans, craftspeople, and farmers to showcase and sell their products directly to consumers, bypassing middlemen and ensuring fair prices for their goods.

By promoting tribal markets, initiatives can help preserve traditional crafts and cultural heritage while providing a sustainable source of income for tribal communities. This not only empowers individuals economically but also strengthens their sense of identity and pride in their cultural heritage.

Overall, tribal markets represent a holistic approach to supporting individuals in need by addressing economic, social, cultural, and environmental dimensions. By empowering indigenous and tribal communities to take control of their own economic destinies and preserving their cultural heritage, these initiatives can create lasting positive change and improve the lives of marginalized populations.

“Ruppur Village drive ”

Date: 10th April, 2025

State: Gujarat

City:
Patan

Drive : 38

Target Achieved : Village upliftment

Purpose of the Drive:

Combining sports kits distribution, sanitation drives, teacher development programs, and support for safai karmacharis with education initiatives in Ruppur village, Patan creates a holistic approach to community development. Addressing multiple aspects together uplifts the village by promoting health, education, and socio-economic well-being.

Providing special sports kits encourages physical activity, teamwork, and healthy competition among youth, fostering a strong community spirit. Sanitation drives and support for safai karmacharis ensure a clean, hygienic environment, reducing health risks and improving overall well-being.

Investing in teacher development programs enhances education quality, equipping teachers with skills and resources to deliver impactful learning experiences. This ensures that children receive education that prepares them for future success.

By integrating these initiatives, Ruppur village can transform into a thriving community where every individual has the opportunity to lead a healthy, dignified, and prosperous life.

“Plantable Pencil Drive”

Date: 8th April, 2024

State: Gujarat, Maharashtra, Rajasthan,
Delhi, Karnataka

City:

Ahmedabad, Mumbai, Pune, Kolhapur,
Udaipur, Delhi, Bhilwara, Hubli, Belgam

Drive : 39

Target Achieved : Over 10,000 students

Purpose of the Drive:

Organizing a plantable pencils drive for young kids is a creative and educational initiative that intertwines environmental awareness with practical learning. Plantable pencils are unique in that they can be used for writing and drawing like regular pencils, but they also contain seeds at their tips. After the pencils have been used up, they can be planted in soil, where the seeds germinate and grow into plants, flowers, or herbs.

For young children, this initiative offers a hands-on experience in environmental stewardship. Not only do they learn about the importance of reducing waste and recycling, but they also get to witness the life cycle of plants firsthand. Additionally, it sparks their curiosity and nurtures a sense of responsibility towards the environment. By participating in the plantable pencils drive, kids not only contribute to greener surroundings but also gain valuable insights into sustainability practices that they can carry with them into the future.

“Plantable Pencil Drive”

Date: 15th January, to 15th July, 2024

State: Maharashtra

City:
Pune

Drive : 40

Target Achieved : Over 35000 Plantation Done Using Plantable Pencil in 65 Schools in Pune under the Leadership of Eight social organization

Purpose of the Drive:

Why choose a Plantable Pencil? Plantable pencils are 100% sustainable

All aspects of the plantable pencil are sustainable and non-toxic – from the biodegradable seed capsule to the 100% natural clay and graphite core and PEFC/FSC- wood. Most pencils, once sharpened down to a stub, serve no further use. At United First, we have created a solution to combat this waste. A pencil with a water activated seed capsule which can be planted when it becomes too short to use. What was once a writing utensil soon grows into an herb?

Quality pencils, quality seeds - Regardless of whether you choose Plantable pencils in color or in grey, they are a joy to use. And when it's time to stop writing and start planting, you'll find it's just as much fun to watch the seeds turn into plants. All Plantable Pencil seeds have been selected because they are easy to germinate. So, you can enjoy vibrant flowers, fragrant herbs or fresh vegetables.

Our Target - We have set the Target to plant over 2 million Plantable Pencils in coming year. They usually germinate in about two weeks. We are encouraging storing Sprout in a cool, dry place until planting time. For best results, plant by its first birthday and follow gardening best practices. **Switch from USE “n” Throw To USE “n” Grow.**

Vadodara

Drive : 45

Target Achieved : Over 35000 Plantation Done Using Plantable Pencil in 42 Schools in Vadodara under the Leadership of Eight social organization

Purpose of the Drive:

Why choose a Plantable Pencil? Plantable pencils are 100% sustainable

All aspects of the plantable pencil are sustainable and non-toxic – from the biodegradable seed capsule to the 100% natural clay and graphite core and PEFC/FSC- wood. Most pencils, once sharpened down to a stub, serve no further use. At United First, we have created a solution to combat this waste. A pencil with a water activated seed capsule which can be planted when it becomes too short to use. What was once a writing utensil soon grows into an herb?

Quality pencils, quality seeds - Regardless of whether you choose Plantable pencils in color or in grey, they are a joy to use. And when it's time to stop writing and start planting, you'll find it's just as much fun to watch the seeds turn into plants. All Plantable Pencil seeds have been selected because they are easy to germinate. So, you can enjoy vibrant flowers, fragrant herbs or fresh vegetables.

Our Target - We have set the Target to plant over 2 million Plantable Pencils in coming year. They usually germinate in about two weeks. We are encouraging storing Sprout in a cool, dry place until planting time. For best results, plant by its first birthday and follow gardening best practices. **Switch from USE "n" Throw To USE "n" Grow.**

Sustainability Duration: **LIFE LONG**

“Plantable Pencil Drive”

Date: 29th July, 2021

State: Gujarat

City:

Ahmedabad

Drive : 53

Target Achieved : Over 200 Plantation Through Miyawaki method

Purpose of the Drive:

The Miyawaki method, pioneered by Japanese botanist Akira Miyawaki, represents a revolutionary approach to reforestation and ecosystem restoration. Unlike traditional monoculture plantations, which often lack biodiversity and struggle to mimic natural forest ecosystems, the Miyawaki method focuses on creating dense, diverse forests in a relatively small area. This technique involves planting a mixture of native tree species in multiple layers, including ground cover, shrubs, and trees, to replicate the complexity and resilience of natural forests.

One of the key principles of the Miyawaki method is maximizing biodiversity within the planted area. By including a wide variety of native species, each with its own unique characteristics and ecological functions, these forests are better equipped to withstand environmental stresses and support a range of wildlife.

Another important aspect of the Miyawaki method is its focus on rapid forest development. By densely planting trees and fostering competition among species, this technique accelerates the growth of the forest and encourages vertical stratification, with different species occupying different layers of the canopy. As a result, Miyawaki forests can reach maturity in a fraction of the time it takes for conventional forests to develop, making them an efficient solution for reforestation and carbon sequestration.

“Environment Peace and Harmony”

Date: 6th June, 2019

State: Maharashtra

City:
Mumbai

Drive : 57

Target Achieved : Addressed over 6000 people LIVE and 100 Million People through Channel under the Leadership of Sadhguru, Baba Ramdev, BK Shivani and Acharya Dr. Lokesh

Purpose of the Drive:

On the occasion of World Environment Day, we initiated this movement under the leadership of Acharya Dr. Lokesh Muni at NSCI Dome, Mumbai. It was a dialogue and commitment drive aimed at social development through Interfaith Dialogue.

Interfaith dialogue fosters cooperative and constructive interaction between people of different religious traditions, spiritual, or humanistic beliefs. Unlike syncretism, it promotes mutual understanding and acceptance rather than synthesizing new beliefs.

With the support of Ahimsa Vishwa Bharti, we have expanded this project to 25 cities in India and 5 countries. The entire initiative is led by World Peace Ambassador Acharya Dr. Lokesh Muni.

Sustainability Duration: **LIFE LONG**

Main Event organizations: Ahmisha Vishwa Bharti

GOAL 16: Peace, Justice & Strong Institutions

"Interfaith Dialogue With G.O.G"

Date: 23rd April, 2023

State: Uttarakhand

City:
Rishikesh

Drive : 58

Target Achieved : Addressed Naari saanshad at Rishikesh and distributed plantable pencils kits, India

Purpose of the Drive:

Women empowerment in India is not just about equality but a key driver of societal progress. It unlocks vast talent, boosting economic growth through education, skills, and equal opportunities. This not only raises household incomes but also fuels national development.

Empowered women contribute to social stability by making informed choices about health, education, and family planning, leading to stronger communities. Their participation in decision-making ensures more inclusive policies that benefit society.

Moreover, gender equality accelerates sustainable development by addressing poverty, healthcare, and environmental goals.

Had the honor to address **Nari Sansad** at Rishikesh in the divine presence of Governor of Uttar Pradesh Smt. Anandiben Patel, World Peace Ambassador Acharya Lokesh Muni, Swami Chidanand Saraswati (Parmarth Niketan), and leaders from across India. Shared insights on transforming the 2030 Agenda and SDG Gender Equality Goal.

GOAL 16: Peace, Justice & Strong Institutions

"Interfaith Dialogue With G.O.G"

Date: 11th October, 2023

State: Uttarakhand

City:
Dehradun

Drive : 59

Target Achieved : Addressed National conference for peace, justice and climate change and distributed plantable pencils kits.

Purpose of the Drive:

Interfaith leaders play a pivotal role in addressing climate change and fostering peace and justice due to their unique ability to bridge cultural, religious, and ideological divides. Firstly, they serve as influential voices that can mobilize communities across different faith traditions to collectively address environmental challenges. By emphasizing shared values of stewardship, compassion, and reverence for creation found in many religions, interfaith leaders can inspire collective action towards environmental conservation and sustainability.

Moreover, interfaith dialogue and collaboration promote understanding and cooperation among diverse communities, laying the foundation for peaceful coexistence. As climate change exacerbates resource scarcity and competition, interfaith leaders can promote dialogue and mediation to resolve conflicts over natural resources, thereby reducing tensions and promoting peace. By fostering mutual respect and empathy, interfaith initiatives contribute to building trust and solidarity among communities, which are essential for sustainable peace and justice. Furthermore, interfaith leaders advocate for policies and practices that promote environmental justice, ensuring that the burdens of climate change are not disproportionately borne by marginalized and vulnerable communities. By amplifying the voices of those most affected by environmental degradation, interfaith leaders work towards creating a more equitable and just society.
